Iraq Rebel Killed In Hospital

CAIRO (Reuters) — Col. Abdul Wahab Shawaf, leader of last week's abortive Iraqi revolt, was killed with his own revolver by a hospital attendant for a 10,000 dinar ($28,000) reward, according to Cairo newspaper Al Ahram.

The paper said Shawaf's staff officer told them Shawaf went to the hospital alone after being slightly injured by a bomb when his headquarters was strafed by government planes. The officer said a hospital attendant named Taha el Mukhtar shot him as he lay on a table awaiting treatment.

The reward was offered by Iraqi Premier Abdel Karim Kassem.

Newfoundland IWA Out of Sight

Loggers Go to Work

GRAND FALLS, Nfld. (CP) — A number of loggers belonging to the newly-formed Newfoundland Brotherhood of Woods-Workers — believed to be about 50 — entered the woods Saturday at the nearby Badger division of the Anglo-Newfoundland Development Company.

No striking International Woodworkers of America pickets were in sight and there was no violence. Badger was the scene of a clash between loggers and police Tuesday when members of the new union set up by Premier Smallwood attempted to cross IWA picket lines.

Policeman William J. Moss, 24, of the Newfoundland constabulary, was fatally injured in the clash.

RCMP, reinforced by members of the provincial constabulary, continued round-the-clock patrols in this papermill town and the surrounding area. A Friday night report that a mob had ransacked the IWA office in nearby Windsor was denied by RCMP Inspector E. H. Stevenson.

Strikes, Rioting Rife

Brazil Faces Price Crisis

RIO DE JANEIRO, Brazil (AP) — The Brazilian government is faced with an economic crisis that threatens the roots of President Juscelino Kubitschek's middle-road administration.

One Labor party leader declared that if things get any worse the army may have to take over. Most informants, however, expressed belief that new government economic measures made that possibility remote.

Throughout Brazil there have been sporadic riots against the high cost of living—up 14 per cent in the last two months—and low wages. There is some fear that one of these riots could snowball across the nation.

Kubitschek took to radio and television this week to propose a new program for holding down prices and improving supplies of consumer goods. Among his promises was one to cut down on government spending.

He also promised increased credits to food suppliers and directed the price and supply agency to make up a workable plan or step aside for a committee of experts.

As reports reached Rio of new strikes and protest demonstrations—one in the new capital site of Brasilia—Senator Souza Naves of Parana state, vice-president of the Brazilian Labor party, called the situation dangerous.

In Brasilia, 4,000 truck drivers stopped work in protest against living costs and low wages. The government also is facing a bus shutdown in this capital which could affect 1,000,000 riders.

Quiet Funeral

Smallwood Mourns Constable

ST. JOHN'S, Nfld. (CP)—A crowd of 250 stood outside a quiet suburban home yesterday as funeral services were held for Const. William Moss, 24, who died Thursday from injuries received in a clash with loggers at Badger, Nfld., Tuesday.

Among mourners were Premier Smallwood, Attorney-General Curtis and almost all Newfoundland MLAs.

Rev. R. R. Babb, rector of St. Mary's Anglican Church here, conducted the short services.

A 100-car procession followed a hearse carrying the constable's body through the city to the railway station. Members of the constabulary carried the casket to the train.

An honor guard was formed by constabulary, RCMP, RCAF, city firemen and Canadian Legion members. About 1,500 persons stood in silence as the flag-draped coffin was put aboard the train.

The body of the unmarried policeman will be taken to his birthplace at Blandford, Nfld., where burial will take place Sunday afternoon in a church cemetery.

'Feudal Slavery'

GALT, Ont. (CP) — Harold Winch, CCF MP for Vancouver East, said yesterday Newfoundland's action in the loggers' strike is a "move to roll back progress 100 years and maintain feudal slavery for the people of that province."

"It is a deplorable situation that, in a democratic country, there should be a government that would oppose its own people when they fight the 60-hour week and starvation wages," he said.

Help Find Her, Mother's Plea

Boy's Only Companion Pearly the Poodle Gone

A five-year-old Victoria boy has lost his only companion, a white toy poodle named Pearly, and can't understand why the dog doesn't come home.

The female poodle, eight or nine months old, disappeared after following the youngster, Glen Hoffman, away from his home at 1422 Gladstone Thursday afternoon.

"Pearly is all Glen has for companionship," the mother, Mrs. Regena Hoffman, said yesterday. "Glen doesn't understand when I tell him Pearly is lost, and when I come home every night he thinks I'm bringing her with me."

Mrs. Hoffman's telephone number is EV 2-7357. She said she doesn't have enough money to pay a reward for the dog's return, but she hoped that "somebody can just understand how much the pet means to the little boy."
